

Registered Apheresis Nurse

Summary/Title:

HemaCenter is seeking 3 experienced Registered Apheresis Nurses to perform leukapheresis procedures and provide comprehensive donor care.

About HemaCenter:

At HemaCenter, we believe the pursuit of new ideas and new technologies is vital to scientific advancement. With every generous donation, our customers and partners move one step closer to developing life-saving medical treatments. By providing excellent donor experience and high-quality care, we aim to encourage individuals to donate to the advancement of medical science.

Description:

The Registered Apheresis Nurse will function under the guidance of an attending physician, and in accordance with established standard operating procedures. This hire will report into HemaCenter's attending physician and be responsible for donor screening and accurately and effectively communicating with the team. The candidate must possess clinical knowledge and skills related to mobilized apheresis procedures and demonstrate the ability to quickly assess and perform in stressful and emergency situations.

Primary Job Requirements:

- Current Florida RN license is required and a Bachelor's degree in Nursing is preferred.
- Candidate should have thorough knowledge in operating medical equipment utilized in apheresis procedures and administering emergency care.
- Minimum 3-5 years relevant experience, apheresis experience preferred.
- Bi-lingual in English and Spanish preferred, not required.

Primary Job Responsibilities:

- Support donor enrollment in accordance with approved IRB requirements.
- Administer medications within the scope of practice and HemaCenter's policies and procedures.
- Perform physical examination: assess, evaluate, interpret and document the donor's physical and mental status.
- Assure quality of care by adhering to HemaCenter's standards.
- Maintain safe and clean working environment by complying with procedures, rules, and regulations.
- Maintain donor confidence and protect operations by keeping information confidential.

Qualified applicants should send CV or resume to Sarah Alter, Director, Immunology, sarah@hemacenter.com.
